Subject: Bolton, KNOCK IT OFF, STOP THIS BULLYING MADNESS!

Mr. Bolton, Et al.,

Stop bullying Tamarac, stop disregarding Bermuda Club **"Rules & Regulations"**.

**I JUST FOUND YOUR CAMPAIGN FLYER HANGING ON MY FRONT DOOR THIS AFTERNOON.**

The last time your surrogate hung your flyer on our doors at Bermuda Club Condominiums was on March 25, 2024. I talked with your surrogate and asked her not to hang flyers on our doors as it is a violation of **"Rules & Regulations"**. Your surrogate ignored me and continued hanging your flyer. For whatever reason, you came knocking on my door on the same day, March 25, 2024, at 5:14 PM to justify your surrogate's action. I told you; your surrogate's action is in violation of our **"Rules & Regulations"**. I also made it clear to you that we have **"NO SOLICITING"** signs posted all over our community. You said, Bermuda Club is not a gated community and does not have fence and because of that you are allowed to hang your flyers regardless of what our **"Rules & Regulations"** say. You added, I can hang any Religious and Political flyers anytime I wish.

I asked you politely to respect our **"Rules & Regulations"** and refrain from hanging your flyers on our doors. Your condescending response to me was, I have the right to hang flyers on our doors and next time you will do my building yourself. What an entitled bully arrogant behavior indeed! When I told you we will take you to court for trespassing, you added confidently in a bullying sarcastic and mocking tone, and I you will win!

It is imperative to document some episode of your bullying behavior.

**August 23, 2021, what day is Easter supposed to be on every year?**

Easter Sunday always occurs on the first Sunday after the Paschal Full Moon. Even when you are wrong, you still bully people. Check out what you said in a past City of Tamarac Commission Meeting.

**December 14, 2022, uncomfortable condescending moment.**

You refused to shake hands with one of District 1 residents in a formal City of Tamarac commissioner meeting where awards were given to many Tamarac Residents.

**February 28, 2024, Tamarac Senior Games (Campaign)**

Through your surrogates you posted your District 1 Commissioner race literature (masquerading as Tamarac Senior Games Notice) on our bulletin boards. Also, flyer of same notice hung on our doors in violation of Bermuda Club Condominiums "Rules & Regulations". [REDACTED], Bermuda Club former Manager enforced our Rules and removed your Notice from our Bulletin Boards. Your flyers remained hung on our doors and you still had your Senior Games (Campaign) fiasco.

**March 27, 2024, Tamarac Bingo Night (Campaign)**

Again, through your surrogates you posted your District 1 Commissioner race literature (masquerading as Tamarac Bingo Night Notice) on our bulletin boards. Also, flyer of same notice hung on our doors in violation of Bermuda Club Condominiums "Rules & Regulations". [REDACTED], Bermuda Club current Manager chose not to enforce our Rules and ignored our persistent requests for removal of Notice. Notice remained posted on our Bulletin Boards way past the event conclusion. Also, flyer of same notice hung on our doors in violation of Bermuda Club Condominiums "Rules & Regulations".

**May 10, 2024, thank thyself arrogant campaign flyer.**

It is very disturbing that you did not refrain from hanging your flyers throughout our community and continued violating our "Rules & Regulations". Despite numerous times, telling you specifically not to hang your flyers on my door, you continue doing this unwelcome behavior. Based on our discussion on March 25, 2024, at 5:14 PM when you told me next time you will do my building yourself, I am concluding that you are insisting on bullying me and continue hanging your flyers on my door. At this point in time, I am telling you to knock it off and refrain from bullying us and leave our community alone.

You must officially get approval for any solicitation of any kind from Bermuda Club Leadership. We are tired of your bullying behavior. Your disregard for our "Rules & Regulations" and trampling over our peaceful livelihood will not go unnoticed.

Sincerely,

Sami Sofia, Owner-Occupant  
Bermuda Club Condominium
